GORDONSVILLE POLICE DEPARTMENT

MISSION STATEMENT

The mission of the Town of Gordonsville Police Department is to protect persons and property by providing essential law enforcement and public safety services. This is done by providing law enforcement services to all citizens and visitors primarily by high visibility community policing.

The Town of Gordonsville Police Department will be a model of Community based Police practices.

Effective community policing requires the active participation of civic groups, business leaders, churches, schools, and other local government support agencies in addition to Police personnel. We will work for a close, interactive relationship between officers and community members with the goal of reducing crime and its effects.

We will always strive to ensure our personnel are operationally competent, and are able to convert policy and training into effective practice.

We provide service that makes a difference!
