---	---

**BACKGROUND:**

This matter remains on Council’s meeting agenda so that staff may provide updates as needed.

Plan Design

Full Design Development plans were provided to Town Council at their work session on April 3<sup>rd</sup>. LPDA has requested all comments back no later than Wednesday, April 19<sup>th</sup>, so that plans may be finalized to reflect all desired changes and modifications in time for the next plan submittal scheduled for mid-May.

Council briefly reviewed the plan set at the work session and provided initial comments and questions. These have been provided to LPDA—responses will be provided to Council via email as they are received.

The plan set and affiliated cost estimate represents the beginning of the Construction Documentation process. While the Town is reviewing this set, each discipline (architecture, civil engineering, pool design, etc.) will be reviewing as well, and LPDA will be conducting an all-discipline coordination review.
